

Multimedia strip dedicated to mounting in cable channels of office furniture. It's a perfect solution in situation where power sockets and multimedia ports might be hidden under the table top / desk.

magnet-Strip is a product which can be easily adapted to customer's needs because of the available sizes (from 2 to 9 modules), as well as applicable sockets and ports. Another advantage of this solution is that wiring is under the table in dedicated cable trays and troughs.

magnet-Strips chaining

Dimensions with two mounting brackets:

version	2-module	3-module	4-module	5-module	6-module	7-module	8-module	9-module
length	194 mm	237 mm	280 mm	323 mm	366 mm	409 mm	452 mm	495 mm
height	45 mm							
depth	44 mm							

* Specified dimensions don't concern configurations with UK power sockets nor the ones without multimedia ports / USB chargers. This kind of dimensions are available on request.

Assembling

When strip is mounted in the cable channel, user has access to sockets after opening the hinged panel or cable gland.

Our mounting brackets allows for installation in 4 orientations.
